**VET4WB
project journey**

More than one and a half year has now passed since the kick off meeting of “VET for Western Balkans”, and the partner schools are constantly busy implementing their activities:

Mobilities

Mobilities of students, teachers and managers are in process: So far, students, teachers and managers from the Bosnia-Herzegovina partner school have spent respectively one months, two weeks and one week in Slovenia at the Slovenian partner school.

Students and teachers from Albania, Kosovo and Montenegro have been on mobility in Denmark and during the coming months, other students, teachers and managers from Albania, Montenegro, Kosovo and Bosnia-Herzegovina will go to Spain, The Netherlands, Slovenia or Denmark.

The mobility periods of the students are divided in two parts: one part in classes at the EU partner VET school and another part at work in a private company. Teachers and managers are having training and participate in excursions and meetings with relevant local stakeholders.

VET4WB project journey

Learning material

The work on development of learning material in the form of both printed booklets and an online learning program has also started. Material will be created on the following topics:

“
Pedagogy and didactics in VET education
”

“
Pedagogical management
”

“
Counselling & Mentoring in VET education
”

“
Enhancing transversal, generic and subject specific skills of students.
”

In December 2023, all partners will meet in Slovenia for the third transnational partner meeting to discuss their future activities.

VET4WB project journey

Trainings

The training of teachers from the Western Balkan VET schools by their colleagues from the EU partner schools are being implemented:

Teachers from “Vaso Aligrudic”, Podgorica, Montenegro were trained in Soft Skills by teachers from “Landstede”, the Netherlands and teachers and career counsellors from all Western Balkans partners have been trained in education and career counselling and mentoring by teachers from “Tradium” and “SOSU”, Denmark. More trainings in Soft Skills are planned as well as training in Marketing, Entrepreneurship and Challenge Based Methodology by “CEBANC”, Spain and Robotics by “Šolski Center Kranj”, Slovenia
